Newark, N.J.

Dear Capt.

Received your telegram about the dates and winning of the championships ~~#####~~ "Congratulation# Now here is the situation. I can get there for only one of the week day games without staying all the week. If I get there for the 16th I couldnot get back for the 19th besides it would be so expensive. I think it would be best to leave on wednesday nite for the 19th game and travel with team to Kansas City for the two game series. Leave there Monday night and return to Houston. If you want me to come that way I will be very glad to do. we have our first game here on the 25th and then we don't have one until about the 8th of October. Let me know what you decide to do and I will make my plan accordinly. Hello to all the fellows for me. Hoping to hear from you soon on the situation

Sincerely yours

Pat Patterson
